

Statement of Interest

Vice Chair/Chair Elect Position
Region V Executive Committee

I've had the good fortune to be involved with NCURA since 2003. The insight, perspective, and the professional connections I've made are invaluable and it is an honor to be nominated for Vice Chair/Chair Elect position of the Region V Executive Committee. My involvement in NCURA includes volunteering at conferences, serving on regional sub-committees, and presenting numerous sessions at both the regional and national levels. I also currently serve as an At Large Executive Committee member, a term that expires at the end of this year. In the future, I am interested in becoming involved with NCURA's leadership program.

If elected, I bring over 12 years of experience in Research Administration, as well as strength in communication, creativity, vision, a can-do attitude and team work mentality. I have a diverse background in research administration, working in Sponsored Projects, Contracts Administration, and Research Compliance, and would love to apply my experience and leadership abilities to make a positive impact on the organization – particularly in areas of research compliance training, member outreach and participation activities, and enhancing our region's visibility at the national level. I look forward to the opportunity to continue to serve Region V in a leadership role and am excited by the prospect of serving as the Vice Chair/Chair Elect.
