

NCURA Secretary Nomination- Statement of Interest

I am truly honored to be nominated as “Secretary” for NCURA Region V. I’ve been in the Research Administration field for over 10 years and have had the privilege to be mentored by great supervisors and friends. I’ve had different positions within the Office of Research & Sponsored Programs at Texas A&M University-Kingsville and have the experience to work at an administrative level, am knowledgeable in the Pre-Award, Post Award and Compliance areas. I love my job and all the interesting intricacies of Research Administration. I feel that I’m ready to fulfill the responsibilities and duties required and become more involved with NCURA. My unique skills, work ethics and dedication make me a strong candidate for this position. I’m excited and grateful for this opportunity to give back and serve at a regional level. I really look forward to hear about this decision.

Thank You.
