The Regional Business Meeting of NCURA Region V was held at the Regional Meeting at the Embassy Suites in San Marcos, TX on Monday, October 20, 2025. The meeting was called to order by Liz Kogan at 12:00 PM.

Welcome and Introductions. Chair Liz Kogan welcomed everyone and introduced the current officers and executive committee members in attendance.

Review and Approval of Minutes. Secretary Michelle German presented the minutes from the Region V Meeting that was held in-person in Washington, D.C. in August 2025. Motion by Katherine Kissman to accept minutes as presented. Motion was Seconded by Scott Davis. The minutes from the August 11, 2025 Regional Business Meeting were accepted as presented. There were no objections or people choosing to abstain.

Review and Accept Region V Financial Report. Treasurer Laura Rosales presented the region's financial report reflecting 2024 and the first six months of 2025 (please see attached).

- Financial Report reflecting 2024 and the first six months of 2025 (please see attached)
- Region V hosted our 2024 annual regional meeting at the Omni Hotel, Corpus Christi, TX, on 9/29/2024-10/2/2024, and it was very successful.
- For 2024, the Region had a total revenue of \$122,370.09, with expenses totaling \$113,220.99, for a net income of \$9,149.10. The net income was due to some very hard work from our sponsorship committee. They brought in \$25,000 in sponsorships for the Region, and we had 229 attendees, including presenters at the annual meeting.
- For the first six months of 2025, total income was \$4,647.50, and total expenses were 3,891.39, for a net income of \$756.11. This is typical during the first half of the year as we don't hold our annual meeting until the second half of the year. The majority of our annual revenue and expenses will not be incurred until Fall 2025 when the region will host its annual meeting in San Marcos, TX.
- A final financial report for 2025 will be submitted to the National office by January 31, 2026.
- In April 2025, the Region purchased a six-month, CD in the amount of \$50,000, with an interest rate of 3.39%, to mature on 10/6/2025.
- Our Capital One bank account balances as of 6/30/2025 are as follows: checking account \$46,583.32, savings account \$107,849.39, and certificate of deposit account \$50,284.06. Total funds are \$204,716.77.
- Over this year and the next few years, we are looking at ways to give back to the Region V membership. We are considered a non-profit organization, and National is aware of these large balances. Some of the ways we are looking to give back to the region are in free registrations and other opportunities for our region members.

Regional Committee Reports.

1. Volunteer Committee – Maegan McKerrow, Volunteer Coordinator

- a. Maegan said: As the volunteer coordinator, I've been coordinating with the Region's Executive Committee to organize quite a few volunteer activities for Region V recently. We assembled a fantastic Program Committee to lead the charge in planning and orchestrating the Region Fall 2025 Meeting. Thank you to all of you serving on the Fall 2025 Program Committee. Additionally, you may have signed up for or have already participated in volunteer opportunities at the AM67 meeting and now the regional meeting. We are deeply appreciative of our members' support and the time they spend volunteering for these conferences. Between the two events, we have had approximately 75 individuals fill over 100 volunteer slots. We could not do it without you.

2. Publications and Communications Committee – Courtney Hoover

- a. Courtney thanked the publications, communications and social media committee for all they have done with furthering our social media presence and getting important information out to the membership. Courtney also reminded everyone to make sure they are following Region V on Facebook, Instagram and LinkedIn to stay up-to-date on all the happenings throughout the year.

3. Membership and Hospitality Committee – Michelle German

- a. Michelle thanked the membership and hospitality committee for hosting 3 quarterly new member sessions throughout the year where 129 new members were invited, as well as working to set up dinner groups for everyone at the Regional meeting. Michelle thanked Calan Welder for his help and hard work on the membership and hospitality committee. She noted that if anyone hadn't done so already, to please sign up for a dinner group following the meeting so that reservations could be made.

4. Awards/Travel Scholarship Committee – Sheleza Mohamed, Immediate Past Chair

- a. Immediate Past Chair Sheleza Mohamed reported the following:
 - i. In 1983, NCURA Region V honored Quinten S. Mathews by naming the regional travel award after him. Mr. Mathews was a founding member of Region V in the mid-1970s and served as Chair of Region V from 1978-1979. He was employed by The University of Texas at Arlington as the first VP for Research. Mr. Mathews passed away in March 1982 unexpectedly. His legacy in the formation of Region V is still remembered today. Quinten S Mathews Award winner- Lexi King, Program Manager from The University of Texas Medical Branch & Kenzalia Linen, Ph.D., Senior Research Administration Associate, Baylor College of Medicine.
 - ii. NCURA Region V is excited to announce the naming of the Experienced Travel Award, which provides experienced research administrators with an opportunity to travel to the Regional meeting, to the Susan Wyatt Sedwick Travel Award. Dr. Susie Sedwick has served NCURA in many capacities since 1995, including both Regional and National positions. She served on the national board from 2008-2009, and as Region V Chair in 2007. Her service to research administration includes FDP chair, COGR Board of Directors, NSF Advisory Committee, and she has written more than 20 articles and 3 book chapters related to research administration. Dr. Sedwick has faculty appointments to John Hopkins Research Administration Program, The University of Texas at Austin Department of Educational Administration, Rush University, and the University of Oklahoma. Considered a subject matter expert on research security, export controls, human capital development, and strategic planning, she is frequently asked to speak at national meetings for many organizations. Her passion to educate the next generation of research administration is evident by her long list of lectures, presentations, workshop presentations, and service to both NCURA and SRAI. Dr. Sedwick received the NCURA DSA award in 2012 and Region V DSA in 2014. We are pleased to name this award after an individual who has made it such a mission to continue the field's advancement. 2025 Susan Wyatt Sedwick Travel recipient - Jamie Westmoreland, CRA, Associate Director, Sponsored Programs CEAT Oklahoma State University

6. Mustang Mentoring Program Committee –Katherine Kissman

- a. The Mustang Mentoring Program (MMP) is adapted from the NCURA Leadership Development Institute (LDI) and is designed to provide educational and professional leadership development skills of the MMP participant and to create a pipeline of individuals to serve as volunteers and to grow into leadership positions within Region V. The program pairs mentors and mentees based on areas of common interest and expertise. The overall approach is to increase volunteer involvement and participation from NCURA Region V members.
- b. This year we had 5 pairs of mentors and mentees who participated in the program. The 2025 MMP mentees will complete the requirements of their year-long program this afternoon with the presentation of their Leadership Projects. We invite you to attend these presentations in support of their hard work and dedication. Each participant will summarize a project they developed and implemented – guided by their mentors – to drive change within their institutions. These projects aim to positively impact their organizations and contribute to their professional growth within the field of research administration. Please join us in recognizing and celebrating their accomplishments by attending the MMP presentation sessions.
- c. If you are interested in applying as a mentee for the 2026 Cohort, be on the lookout for an eblast announcing the applications which will open at the end of October. We will also be announcing applications for mentor opportunities and for new MMP Committee members, as well. We welcome you to stop by the MMP table for additional information about the program throughout the meeting.

7. Accessibility and Belonging Committee - Mona Bisase

- a. Mona reported that over the past year, our group has experienced remarkable growth—transitioning from an initiative into a fully established committee. This transformation is more than a name change; it reflects an expansion of our scope, accountability, and ability to serve Region V members more effectively.
- b. With this evolution, we’ve reaffirmed and strengthened our commitment to accessibility for all Region V members. Our focus is on removing barriers—physical, technological, and informational—to ensure equitable participation in our programs, resources, and events. This includes continuous evaluation of conference venues, materials, and communications, along with proactive outreach to members whose needs may have previously gone unaddressed.
- c. The move from an initiative to a standing committee underscores Region V’s recognition that accessibility is not a temporary endeavor but a core organizational priority. We’re excited to build on this momentum, collaborate across committees, and continue making Region V a more inclusive and welcoming community for every member.

- i. **Special thanks to Greg Chu for assisting with dietary requests and to Patricia Foster for coordinating accessibility for this meeting.**
- d. If you're interested in joining or supporting the committee's efforts, please reach out—I'd love to connect.

National Committee Reports.

8. Report from the Board of Directors – Thomas Spencer

a. Membership Update:

As of the 2025 Annual Meeting in Washington, D.C., NCURA membership has surpassed **9,500 members worldwide** — a milestone worth celebrating

b. NCURA's 3rd AI Symposium (Fall 2025, Washington, D.C.)

took place the day before AM and focused on how AI is transforming the research award lifecycle — from proposal development through post-award administration — and featured panels on governance, ethics, institutional AI adoption, prompt engineering, and separating hype from reality.

c. Reimagining Community Summit (Sept. 8–10, 2025)

NCURA continues to evolve with intention in a rapidly changing world. The Reimagining Community Summit brought together regional and national leaders to shape what community means for the future of NCURA. The conversation centered on one truth: our strength lies in connection, relevance, and shared purpose. Together, we're designing a more inclusive, responsive, and forward-looking organization — one that meets members where they are and moves us forward, together.

d. Key Focus Areas Emerging from the Summit:

- I. **Membership:** Expand engagement earlier in the career pipeline, especially with students. Review dues structures, strengthen mentoring, volunteer recognition, and the campus liaison network.
- II. **Regional Structure:** Reimagine regional roles to focus on programming and mentorship, while consolidating administration, sponsorship, and policy functions nationally for greater efficiency.
- III. **Communication:** Modernize our platforms and strengthen storytelling — through social media, clearer value messaging, and potential faculty/PI advisory input.
- IV. **Resources:** Build centralized AI-driven tools and repositories for templates, policies, and guidance accessible across the research administration community.
- V. **Education:** Grow learning pathways through "NCURA University," offering interactive virtual courses, zone events, executive roundtables, and new skills-based opportunities.

e. NCURA Magazine

- I. Published six times a year, *NCURA Magazine* continues to set the bar with timely insights on management, leadership, and federal policy — written by members and external thought leaders alike. Every issue now includes updates from the Executive Committee to ensure transparency and open communication with our membership.

f. Highlights from Recent Board Updates:

- I. **Bridge Fund Initiative:** Thanks to a generous gift from Dr. Andrea Hollingsworth — our 2025 Pre-Award Compassionate Leadership keynote — and a matching contribution from NCURA, the *Bridge Fund* now provides direct support to research administrators navigating job transitions amid federal funding cuts.
- II. **Open Access Webinars:** Free webinars addressing federal budget challenges are now available monthly to the full research community.
- III. **Career Center Access:** The NCURA Career Center opens to all research professionals during the first week of each month.
- IV. **Collaborate Community Expansion:** A new open forum has launched for discussions on the shifting federal research landscape.
